..... Respondent

The Appellate Authority,
District Civil Court,
Raigad-Alibag.
District : Raigad.

Facts:-

Not having been successful in obtaining information from Public Information Officer or First Appellate Authority, the appellant by an appeal dated 29.5.2007 has asked information regarding copies of documents submitted by Respondent in Regular Civil Suit No. 23/2004.

Interim Decision.

The appeal application has been perused. There is an indication that the First Appellate Authority considered this case and gave a decision on 13.4.2007.

Much time has passed since then and therefore, it would be necessary to know the present status of this case.

I, therefore, remand this case to the First Appellate Authority for inviting and giving a hearing to the appellant for examining the points raised by him in his appeal with a view to provide maximum information if due under the act and give appellant better satisfaction.

A compliance report should be sent within 45 days.

The Public Information Officer should bring this decision to the notice of his First Appellate Authority to avoid delay.

Interim Decision

Much time has passed since the original application was made and therefore, it would be necessary to know the present status of this case.

I, therefore, remand this case to the First Appellate Authority for inviting and giving a hearing to the appellant for examining the points raised by him in his appeal with a view to provide maximum information if due under the act and give appellant better satisfaction by issuing a reasoned order. This may be done even if the First Appellate Authority may have given an earlier decision which would automatically stand modified by the First Appellate Authority's new decision.

A compliance report should be sent within 45 days by the First Appellate Authority to me.

It would be necessary to know the present status of this case.

Appellant filed the first appeal u/s 19 (1) of the Right To Information Act but prima facie there is no decision by First Appellate Authority.

I, therefore, remand this case to the First Appellate Authority for inviting and giving a hearing to the appellant for examining the points raised by him in his appeal with a view to provide maximum information if due under the act and give appellant better satisfaction by issuing a reasoned order.

A compliance report should be sent within 45 days by the First Appellate Authority to me.

Interim Decision.

It is seen that the First Appellate Authority has given a decision in this case and the appellant, not being satisfied with the same, has again come before me under Section 19 (3) for a second appeal.

The nature of information sought is of a factual nature

I would prefer another dialogue between the First Appellate Authority and the appellant as that would open up the possibility of giving better satisfaction to the appellant much faster without the need for both parties to spend valuable time, energy and travel expenses in coming to Commission's office.

I, therefore, remand this case to the First Appellate Authority for inviting and giving a hearing to the appellant for examining the points raised by him in his appeal with a view to provide maximum information if due under the R.T.I. Act, 2005 in case the information asked for is related to more than one Public Information Officer, then all the concerned Information Officer should be invited for the hearing and thereafter issue a fresh reasoned order with a view to give better satisfaction to the appellant.

In case, however the First Appellate Authority be of the strong view that a second hearing would serve no purpose then he should send his detailed justification for such a view and comments on the points raised by the appellant in his appeal application. (copy attached) within 15 days.
